## **DETAILED ACTION**

### ***Claim Rejections § 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. § 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 9, 12, 13 and 15 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 9 recites the attachment of the first and second elastic portions to the main chassis in an edge to edge attachment. This contradicts the overlapping structure set forth in independent claim 5.

Claim 12 recites the limitation "the first side elastic portions" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claims 13 and 15 each recite the limitation "the second side elastic portions" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Independent claim 5 provides support for first and second side *inelastic* portions. Furthermore, an element can not be simultaneously elastic and inelastic.

### ***Allowable Subject Matter***

2. Claims 5, 7, 8, 18-26 and 54-58 are allowed.

### ***Response to Arguments***

Art Unit: 3761

3. Applicant's arguments filed 11 June 2008 have been fully considered but they are not persuasive. Applicants have not addressed the previously applied 35 USC § 112 (2) rejections. Claims 12, 13 and 15 as presently amended are indefinite for the same reasons as previously rejected claim 11.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
